

OXFORD LIGHTNING ILLUMINATED GUNSIGHT

A new and exciting gunsight with battery powered optics. Because of the very unusual design concept, the eye relief is infinite to allow extremely quick sighting from any shooting position. This is a new optical gunsight—not a scope. There is no magnification of the image in this exciting spot-or-light aiming system. A boon to hunters and the salvation of shooters who are suffering from failing eyesight. **\$55.00**

PLAINFIELD STANDARD SPORTER

\$125.00

A standard version with all the same features as our Deluxe model, but the stock is of finely grained American walnut with a standard classic point-to-point pattern. A very fine, modestly-priced sporter in both .270 and .30-06 calibers.

PLAINFIELD DELUXE SPORTER

\$180.00

Based on a commercial 98 Mauser action, Plainfield Machine is now introducing their famous quality in a line of bolt action sporting rifles. The highly-polished bolt is complemented by a deep rich custom blue on the remaining metal parts including the XX" precision-rifled barrel. The finely grained select American walnut Monte Carlo stock is handsomely checkered in the famous skip-line Rocket Pattern. The Deluxe Sporter is topped off with contrasting rosewood pistol grip cap and 45" forend tip with white spacer, push button floor plate release in the trigger guard and side safety. Available in .270 and 30-06 calibers.

M-1 CARBINE

NEW PM 30 G

A gas operated, semi-automatic beauty with precision rifled 18", 6 groove barrel in the traditional M-1 military carbine pattern. Can handle any standard 15 or 30 round standard Carbine magazine or a 5 shot hunting magazine. The stock is inletted for sling and oiler as the original issue of the gun. Also featured is the latest air cooled hand guard. Weight 5½ lbs.

PM 30 S

A new sporter version of the military-Carbine type featuring a stock in the popular military pattern, but completely solid; not inletted for standard military accessories. It will handle all the same magazines as the Model PM 30 G. It features the famous Plainfield 6 groove barrel, wooden hand guard and short barrel band.

PM 30 D

Plainfields deluxe sporter version fitted with a premium grade, finely grained American walnut stock. Complete with high comb, cheek piece and matching hand-guard. A beautiful light weight, well-balanced sporter for those quick shoots in the heavy brush. This stock is of such a design that it can be used comfortably with iron sights and scope.

ATOM SMASHER NEW PM .223 D

The exciting new .223 PM carbine conversion has souped up America's favorite semi-automatic rifle.

The new Atom Smasher Carbine in the .223 PM cartridge especially developed to use a necked down carbine case. Muzzle velocity is approximately 3000 Fps. Featured is a new, richly grained walnut stock and precision rifled 18" barrel with matching walnut handguard.
