# M-1 CARBINE

Plainfield Machine Company now offers an improved version of the famous combat weapon used so successfully in World War II and Korea and is again proving its dependability and versatility in the fierce fighting in Viet Nam.

The light weight, large magazine capacity, semi-automatic fire and negligible recoil of this fine weapon is finding ever increasing acceptance by sportsmen and sportswomen who enjoy a gun that will perform in the field and on the range with both accuracy and dependability.

PM 30 G

New, .30 cal. military version of the carbine. Gas operated, 18" six groove barrel, semi-automatic, 15 round magazine, inletted for sling and oiler, air cooled handguard and walnut stock. Weight 5½ lbs. Wooden handguard optional.

P 30 G

Identical to PM 30 G with a high gloss, epoxy finish which highlights the fine American walnut stock.

PM 30 S

New, .30 cal. military sporter. Solid walnut stock, gas operated, 15 shot magazine, 18" six groove barrel, wooden handguard and short barrel band.

P 30 SG

Identical to PM 30 S with a high gloss, epoxy finish which highlights the fine American walnut stock.

P 30 DS

The Deluxe PLAINFIELDER is a deluxe sporter fitted with a premium grade, finely grained, hand-checked American walnut stock with high comb, satin finish and matching handguard. Pistol grip and ramp type front sight.

P 30 S

PLAINFIELDER – Identical to P 30 DS without checkering.

PM 30 P

Modernized model of a weapon designed for use in police vehicles. Telescoping stock permits packing in back pack or saddle bag for campers, hunters and small boats. Ideal for light game. Weight 5½ lbs.

PPM 30

The Presentation model looks like a display model, but is a fully functioning weapon. It has all of the fine features of the PLAINFIELDER and also a handsome chrome-like finish on all exposed metal parts. An unmatched gift for the military or ex-military man.

All PMC carbines are available with receivers tapped and drilled for side mounted, overbore scope mounts. Carbines may be ordered with 1" scope mount rings adaptable for 1" internally adjusted scopes. Scope mounts and rings may be ordered separately.

All weapons have a full five year guarantee against defects in workmanship and will provide years of pleasure.

S 101

Paratrooper stock, telescoping shoulder stock, air cooled steel handguard, made of American walnut with military type oil finish. Complete with necessary fittings to insure that carbines manufactured to U.S. Government specifications will fit with no additional inletting.

S 102 D

Completely sporterized carbine stock assembly, made of prime grade walnut, polished to a lustrous sheen, complete with formed butt plate, pistol grip boss, finest hand checkering and matching handguard. This stock will accept any carbine manufactured to U.S. Government specifications with no additional fitting, hand checkering optional.

PS-1

American walnut, military type oil finish, inlitted for sling and oiler, matching handguard. (Metal or wood optional.) Complete with necessary fittings to accept any carbine made to original U.S. Government specifications.

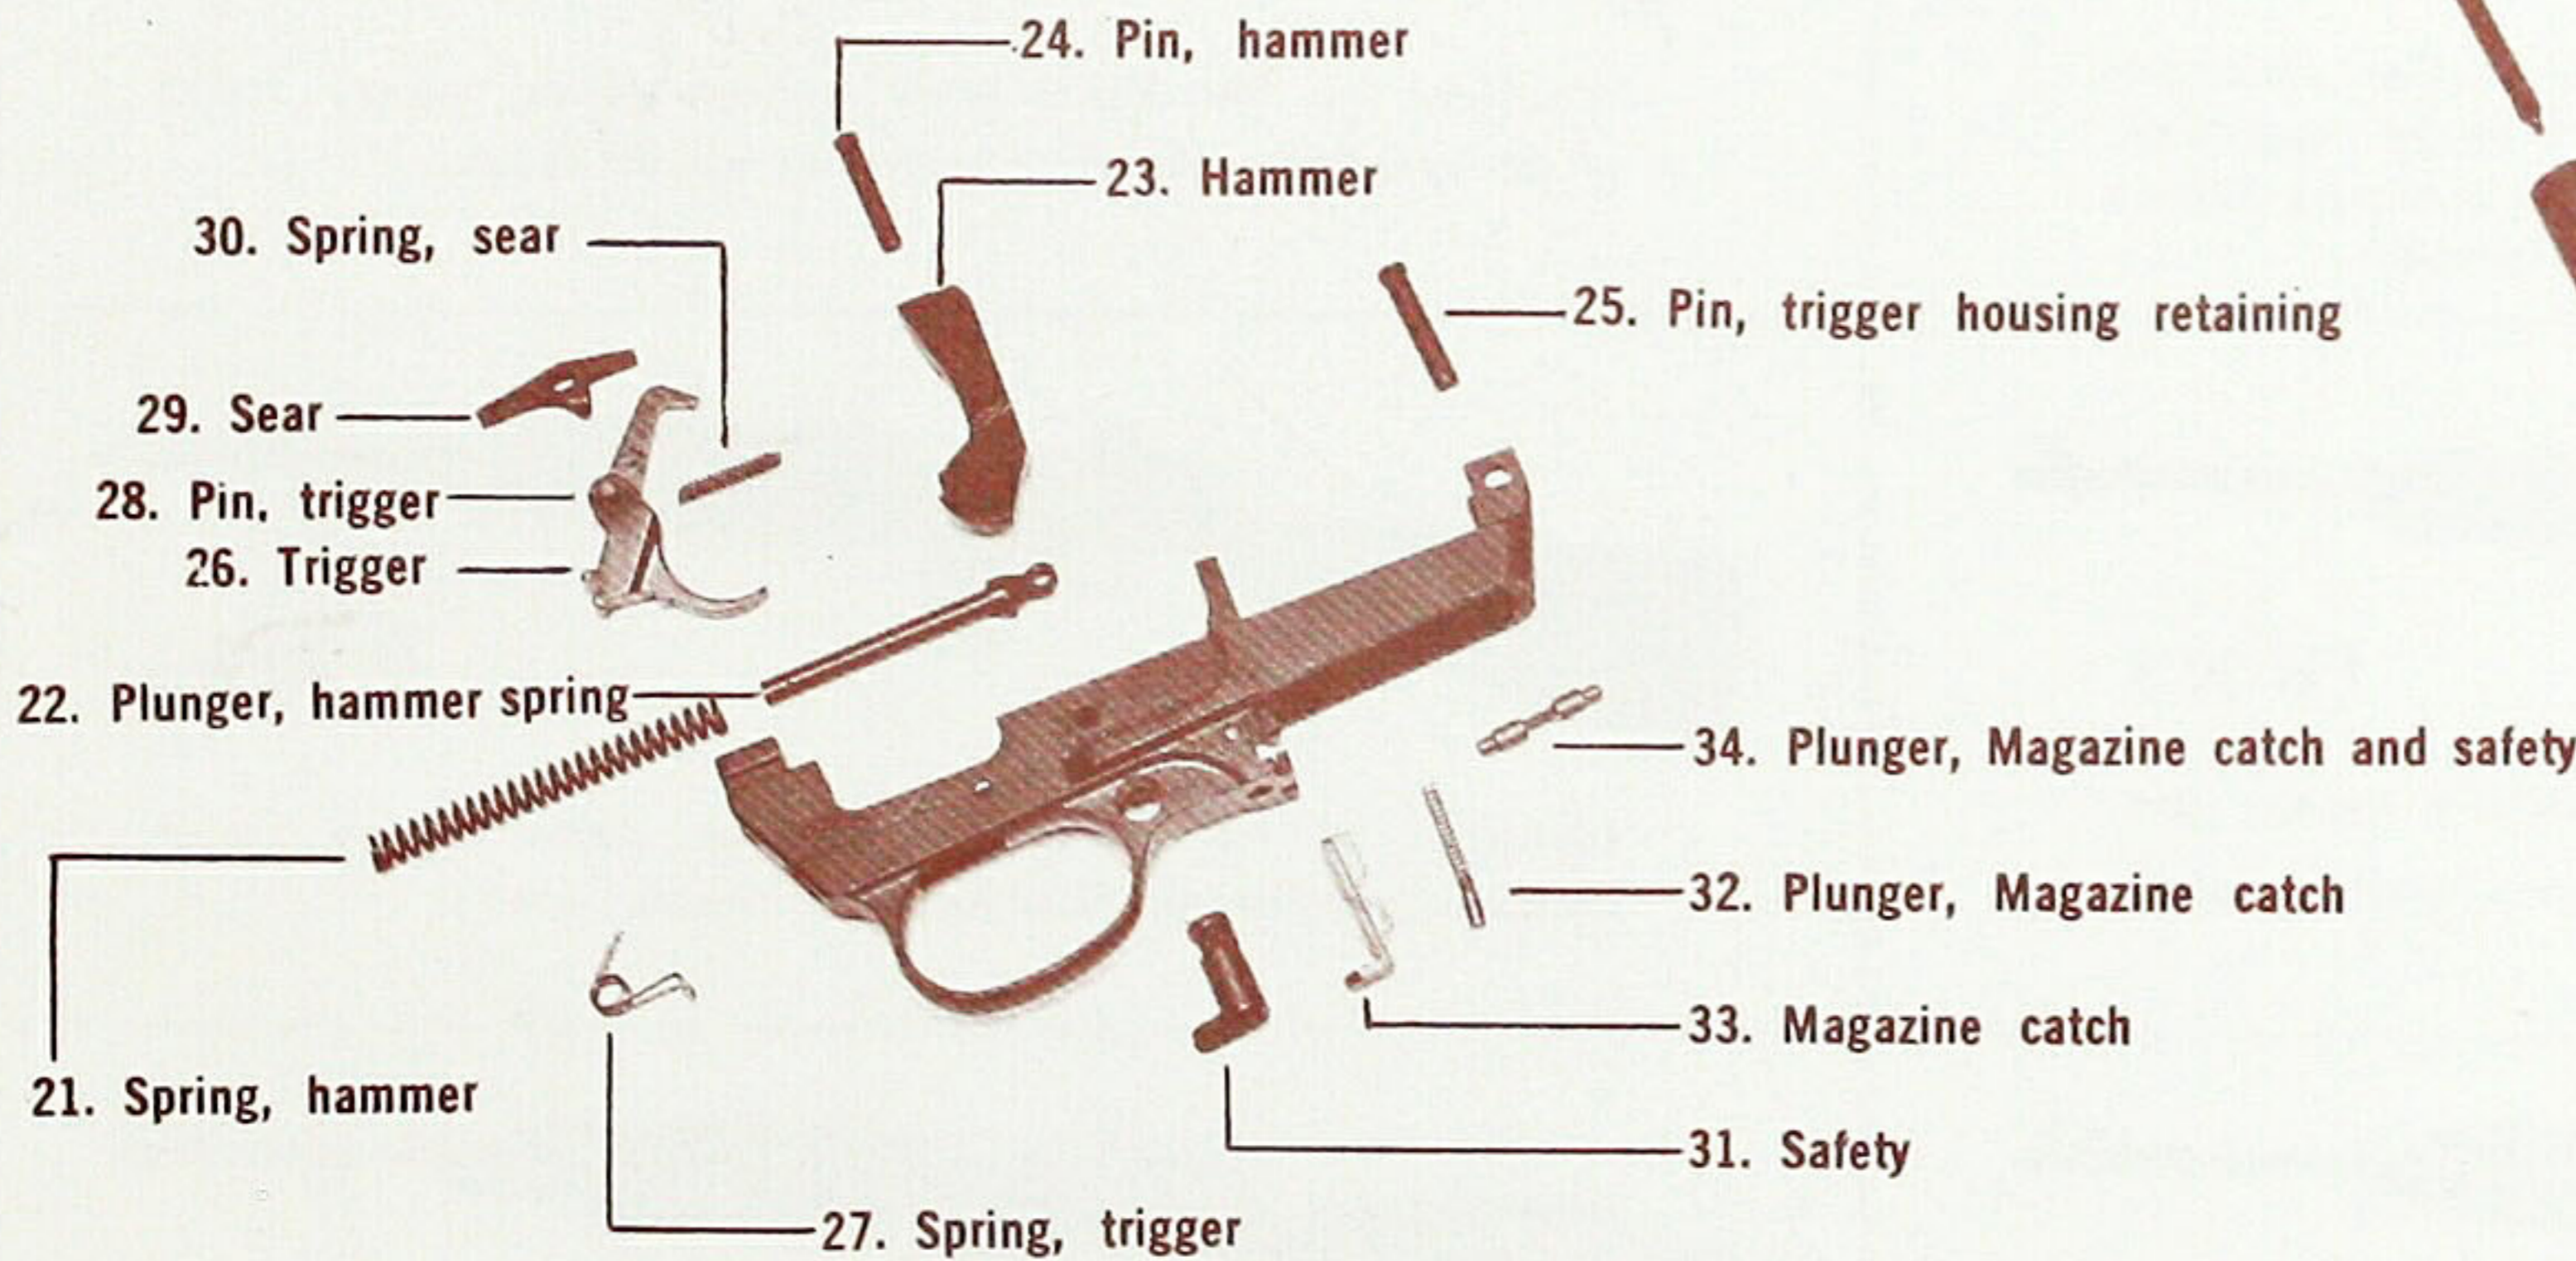

PS-2

American walnut, military type oil finish, solid shoulder piece and short front band assembly, matching handguard. (Metal or wood optional.) Complete with necessary fittings to accept any carbine made to original U.S. Government specifications.

NOTE: PS-1 and PS-2 may be ordered with a high gloss finish at slight additional cost.
