M-1 CARBINE

Plainfield Machine Company now offers an improved version of the famous combat weapon used so successfully in World War II and Korea and is again proving its dependability and versatility in the fierce fighting in Viet Nam.

The light weight, large magazine capacity, semi-automatic fire and negligible recoil of this fine weapon is finding ever increasing acceptance by sportsmen and sportswomen who enjoy a gun that will perform in the field and on the range with both accuracy and dependability.
